With the kiss of death, I thought they would make things right, but was I deceived.

As soon as I stepped out of the car without my gun, the joker, who was the victim I intended to kill, I seemingly beamed down out of nowhere like in Star Trek.

Standing directly in front of me, about ten yards away, he pointed his automatic at my chest. This deadly set-up went into slow motion as the barrel of his gun became larger than life.

My entire life flashed through my mind as the prayers of the church mothers in Macedonia came to me. At that moment, in the face of death, I heard Ma Jennie's voice saying clearly, "Lord, don't let that devil kill my boy."

The next voice I heard was the fool with the gun saying, "I am going to kill both of you." My last plea was, "Lord, please don't let this negro pull the trigger. I don't want to die like this."

I was so focused on the fool with the gun that I didn't see his reinforcement posted thirty yards away with an AK-47 assault rifle pointed down at Marvin and me ...

Sold into slavery to pay for his father's foolishly wasteful spending, Onesimus finds life as a slave especially hard. His memories of his own treatment of slaves compare badly to the treatment he receives at the hands of his Christian master, Philemon. But when he is falsely accused of theft and cannot prove his innocence, he can't believe his punishment will be any less than what he would have meted out in his own household. Filled with fear, he steals a purse of money and runs away, planning to leave Greece and lose himself in the crowded streets of Rome. On the way, he hears stories of Paul, who survived the bite of an adder but insists he is only a man, not a god. When Onesimus finally meets Paul, he finds himself attracted not only to the man, but to the God he serves. After studying with Paul a while, Onesimus goes back to Philemon to "make his paths straight." Adventures and miracles along the way abound. Will Philemon accept him back or sell him? Will his fellow-slaves welcome him? What of the "girl he left behind?" Is there happiness in store for Onesimus or will sorrow be his lot?

In the sequel to *Slave to Grace*, Onesimus returns to Philemon, the Master he ran from several years ago. He knows that returning might bring him a branding, a beating, or even death if Philemon chooses one of those options. Even so, the slave understands that, as a recent follower of Yeshua he has no choice but to return to Galatia to make amends to those he wronged.

He hopes that Philemon's faith will lead him to forgive Onesimus and that a certain young woman has waited for his return, but only coming home will bring him the answers he seeks.

In this book, Richard relates his experiences during his own trips to heaven to meet Jesus and other people from the Bible and history. He is an ordained minister and comes from a family of preachers. As such, he is well-acquainted with what the Bible has to say on these and other subjects. Among the many things you will read in this book, you will see Richard's as well as God's burden for the lost who are on their way to hell. You will also see Jesus' disgust towards those who only pretend to play church, like those He referred to in 3 Revelation who attended the church at Laodicea.

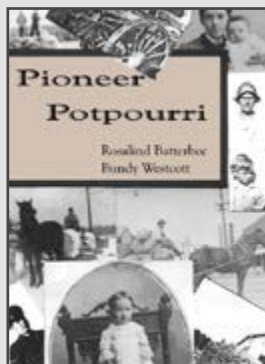

There may be many who are skeptical of the accounts presented in this book. I would simply ask you to keep an open mind as you read, and if nothing else, come away with the idea that heaven is a real place and it is perfect where there is no pain or sorrow. It is a place where people will forever love the one who died for them.

Pat Stanford's poetry is a collection of the many topics and events that naturally occur in a person's life. There is a road travelled that is not necessarily a straight and easy one, which weaves through the seasons of life. Her reflections are shared with you, the reader. A connection to be made? Or perhaps just a reflection of your own life made easier to visualize. Some are raw emotions, and some are written tongue-in-cheek; some are about the turbulence of youth written with a youthful perspective, and some show a more mature person. Some will make an immediate connection, and some may need to be read again.

The author meditates on love, friendship, nature, religion, personal identity, poetry in general, and some seriously fun things. While there are no erotic love poems, there are a few that might make you think this poet has had nothing but unhappy relationships, but that is not the case. Many of the poems are observations of other people at a park or the mall, and how they seem to relate to each other. Same holds true for the friendship poems - half seem to be from someone who lost their best friend, and that is just the observation of how friendships can go. Nature is observed in its many seasons from stormy summer weather to winter snow.

Since poems that are rhymed and in quatrains are what she cut her teeth on, Pat wrote most of the poems in that style, but she takes a stab at a few other styles as well. I hope you will enjoy the journey.

This book takes you on a fun journey of a woman's path to power. In this story a woman travels internationally to a retreat to be trained in energy medicine. While embarked on her journey she is taken to sacred sites and stone circles and learns how to work with them all, as well as dragons, to help the earth and humanity. Particularly unique is that it is a female spiritual teacher transmitting the secrets of the ancient power mysteries.

Specifically geared towards women looking to attain their fullest potential, learning to live in the possibilities rather than problem solving and being restricted to task lists. Topics such as: love, money, sex, body image, collaborating instead of competing, relationship harmony, protection, dealing with bullies, fashion, intuition, anxiety, and so much more are heartily explored within. Humor also occurs unexpectedly amidst these more serious issues.

Within the covers you will also discover teachings for men. They are often in attendance at these retreats. This is a handbook for anyone looking to not only navigate living in today's changing world, but to develop a new perspective on the changes, and learn how best to embrace the new opportunities.
